MINISTER OF STATE FOR CIVIL AVIATION
GOVERNMENT OF INDIA
NEW DELHI-110003

MESSAGE

It gives me immense pleasure to learn that the MRO Association of India is organizing India MRO A&D 2016 on December 12-13, 2016 at New Delhi. The Government of India is committed to the growth of Indian aviation sector. As the development of this sector has a large multiplier effect on the economy, the National Civil Aviation Policy (NCAP 2016) is a testament to our commitment.

The current MRO business in India is only around US\$ 750-800 million. Given our growing demand, and the need to provide gainful high quality employment to our workforce, the Government is keen on developing India as an MRO hub in Asia. Several steps towards this goal have been taken by the Government in Budget 2016-17 as well as through other initiatives. We believe this sector can grow multifold in value terms and create many jobs.

I am happy to hear that a large number of Indian and international MRO and Aerospace companies are expected to take part in India MRO A&D 2016 and deliberate on issues of growth and sustenance of this important and integral segment of the aviation industry.

I wish India MRO A&D 2016 all success.
